For companies that need more than “just the components,” Stylmark is a versatile manufacturer that creates the spectrum of essential elements – to create comprehensive and distinctive lifestyle environments.

#### MANUFACTURING

Stylmark’s state-of-the-art manufacturing capabilities allow for metal fabrication, curving, anodizing and assembly all under one roof. In addition to a broad range of aluminum extrusions for which we are well known, we also work with various other materials, such as stainless and mild steel. Our automated equipment, including robotic welding and high-speed machining centers, is equally effective on small and large quantity orders.

#### CURVING

Stylmark is able to curve virtually all of our products to meet your radius requirements, enabling us to create a product that is as unique as your application.

“From a quality and product performance standpoint, very little risk is involved in specifying Stylmark” - Steven Derwoed, Callison

#### COLOR & FINISH

We offer hundreds of color and finish combinations and can also custom match specified colors. In addition to anodizing, we offer low VOC liquid painting or can have your product powder coated to achieve the exact look you desire.

#### DESIGN

Our experienced design and engineering team will ensure your design comes to life with the quality you expect from Stylmark. Whether you're looking for a slight variation of an existing Stylmark product or have an entirely new product idea, we will work closely with your design staff at every stage of the project to create the perfect environment to meet your needs.

#### PROGRAM MANAGEMENT

Stylmark's team of program managers will lend its expertise to ensure high-quality products and timely delivery. Working with our program management team will facilitate the development process by reducing lead-times and streamlining implementations.

Stylmark has added lighted signage products & graphic displays to our capabilities with the acquisition of Clearr Corporation, an established world leader in the field of high-impact graphic display products. Stylmark's graphic solutions product line includes a broad offering of backlit displays & light boxes, poster frames, edgelit displays, and frameless fabric displays.

#### BACKLIT DISPLAYS AND LIGHT BOXES

Stylmark backlit displays and light boxes are available in wall-mount, recessed, and double-sided units, in a wide variety of sizes and finishes to meet any display need. Stylmark backlit display products are utilized in retail environments, trade show exhibits, sports venues, airports, and many other types of display environments worldwide.

#### LED LIGHT BOXES

Stylmark's ultra-slim profile LED light box offers superb illumination and aesthetics that provide exceptional visual impact to any graphic communication. Available single-sided or double-sided, these LED light boxes may be suspended from the ceiling or mounted on pedestals for independent placement.

“In our industry, Stylmark is considered an elite company due to the high quality of their products.” – *Thad Peacock, Warwick Products*

### FRAMELESS FABRIC DISPLAYS NEW

Stylmark’s selection of frameless fabric displays takes your images “to the edge”, eliminating the conventional “framed in” look. StretchFrame™ is a non-lit version providing a unique graphic presentation in any size. StretchLite™ is for large illuminated display applications within any retail environment.

### TRANSPARENCY FRAMES

Our aluminum and steel transparency frames hold graphics between two glazing panels and can be backlit to dramatically highlight your product or message. Seam-free hinged frames swing open to make changing images easy, and a push-release latch or lock holds the frame closed.

### GRAPHIC FRAMES NEW

PrintFrame™ from Stylmark displays your posters and printed graphics simply and stylishly. Its spring tension, easy-open feature makes insertions a “snap” and hold graphics firmly in place. The wide variety of styles and finishes ensures it will integrate nicely into your display decor, providing an elegant complement to your graphic presentation.

Another graphic frame option from Stylmark is The A-Frame.™ The frame flips open on all four sides for easy graphic changes. This portable poster display collapses and is easy to carry.

Stylmark offers sturdy, high quality fitting room systems that are designed to fit together easily and quickly to allow for rapid field installation. With the flexibility of our post-and-panel system, you can create unique, cost-effective modular designs in numerous store areas.

#### FITTING ROOMS

Stylmark fitting room systems work beautifully with our mirror framing and mirror kits, particularly our Slim Lit Mirror. And because it all comes from Stylmark, you can choose from our full library of colors and finishes to create a visually pleasing fitting room environment.

“Stylmark helps us build more of a brand experience for clients through color.” - Dan Hauser, Interbrand

#### MIRROR FRAMING

Mirrors framed by Stylmark have clean lines that provide a subtle decorative accent to any area. And because they're from Stylmark, you can depend on a product that's designed to give years of trouble-free service. Our mirror products include Tri-View Mirrors, mirror frames, mirror trims and wardrobe doors. Mirror product components can be ordered in 3.66m length, or fabricated to your size specifications.

#### MIRROR KITS

Mirror Kits from Stylmark come fully glazed and ready to install. Available in standard or triple pane sizes with or without back-lighting, these mirrors expand the visual space of any room while providing elegant functionality.

#### SLIM LIT MIRROR

Our new slim lit mirror from Stylmark comes ready to install. Designed to extend only 76.2mm from the wall, these mirrors expand the visual space of any room while providing elegant functionality.

Stylmark has expanded our product offerings to include distinctive retail displays such as specialty fixtures & displays, as well as complete store environments and decorative ceiling treatments that deliver in-store impact and a superior retail experience.

#### DÉCOR PACKAGES

A well-designed décor package can enhance the overall store appearance while increasing your brand presentation. Stylmark expertise lies in custom designing and creating the perfect package that will enhance your overall store appearance and environment.

#### DECORATIVE CEILING TREATMENTS

Stylmark's decorative ceiling treatments define a selling space by lowering the ceiling of specific areas to highlight signature departments. Stylmark offers several product lines of decorative ceiling treatments that include truss systems, C-Grid™, wood and metal canopies.

“Whenever I get a new project, I always know what I’ll get from Stylmark – from the lead time they’ll need to deliver, to the product quality.” - *Todd Weitzman, Display Craft*

#### SPECIALTY FIXTURES & DISPLAYS

In addition to our existing line of premium retail display cases and retail shelving products, Stylmark offers a variety of specialty store displays to create the exact environment and store appearance you are looking for. Our specialty fixtures include POS displays, kiosks and merchandising displays.

#### AISLE DIRECTORIES

Stylmark also offers a full line of outriggers and aisle directories to complete your stores overall branding message.

#### TRIM MAKER\*

With Stylmark's Trim Maker, you can easily add accent to walls, ceilings, soffits and columns. Trim Maker is available in hundreds of shape, color and finish combinations. You can also group shapes to create your own look or work with our engineers to design a shape that's perfect for your unique application. Installation is simple. Just secure the base and snap the trim into place.

Each Stylmark shelving system is designed to elegantly display your merchandise and place the focus squarely on your products. Stylmark's shelving products have clean lines that provide an attractive accent to any area. Constructed of aluminum or stainless steel, these elegant framed shelves are available with or without lights.

#### LED SHELVES

Stylmark was one of the first companies to integrate LED lighting into its established line of shelving products. You can feel confident that an LED shelving system from Stylmark will provide a worry free solution to your display needs. Choose either the slim profile of the LED Power Track Shelf or LED Low Profile Reflector, which both offer efficient installation options for down lighting.

“When I request that they solve a problem, they’ll do whatever they can to do so and meet the client’s needs.” – *Miho Koshido, JGA*

### LED SHELF EDGE LIGHT

Just added to Stylmark’s LED shelving options is the LED Shelf Edge Light, a versatile solution for lighting existing shelving and cabinet displays used in retail environments. Available in Stylmark’s wide variety of colors and finishes, the LED Shelf Edge Light can blend into your décor. Options include attaching to the edge of glass shelves or to under-shelf or under-cabinet applications, the LED Shelf Edge Light can be utilized in new designs or added to improve the lighting of existing displays.

Showcase systems offer a wide selection of framing, lighting and door options that allow you to integrate the components of your choice into a custom showcase to meet your exact specifications. Our experience in showcases has also enabled us to perfect the alignment of each component into curved, clipped, or straight configurations.

#### SHOWCASE FRAMES

Our customized aluminum showcase frames were created with the customer in mind. Showcase frames are available in virtually any color and finish. Top and bottom frames are welded, providing unsurpassed security and stability. Stylmark can apply a mitered finish to the corners to enhance the overall look. Stainless steel cases are built to designer specification, creating a one-of-a-kind showcase.

“Stylmark recommended options and ways to help improve how we execute for our stores.” - Sarah Phillips, SuperValu

#### ROLLING DOORS

For over 50 years the Stylmark rolling door has been recognized as the finest in the industry. These doors move effortlessly at the touch of a finger, while adding security to your showcases. They feature anti-jump, security rolling hardware, which engages the door bottom to flanges on the track and prohibits removal of the door when it is locked. Should your design require hinged doors, be assured that Stylmark can provide these with the same level of quality.

#### SHOWCASE LIGHTING

Draw customers to the light and let your product sell itself with Stylmark showcase lighting. Designed to enhance Stylmark's established line of aluminum and steel showcase components, our reflectors and spotlights achieve a clean, streamlined look while efficiently managing heat output. With several reflector profiles and lamp sources to choose from, you're sure to find the exact light to meet your needs.

Stylmark offers a variety of products that are custom tailored for framing and partition applications, including WallMaker® interior wall systems, Porsa™ framing system, post & panel and door frames. We utilize our color and design expertise to integrate these products into their surroundings, giving an attractive and inviting appearance. This ensures the products you order will fit perfectly into both new and existing environments.

#### WALLMAKER®

Create an unlimited variety of bright, beautiful and secure interior environments with the easy-to-install Stylmark WallMaker glass wall system. This versatile system consists of headers, sills, mullions, and corner assemblies that allow you to create a multitude of glass wall configurations.

#### GLASS CLIPS

Stylmark's glass clips provide added strength to interior glass walls by holding the panels of glass in line with one another. A number of city building codes require clips prior to occupancy, and Stylmark's glass clips fulfill these requirements. The clean, simple lines of our clips also enhance the appearance of glass walls, and they can be ordered in a variety of colors and finishes to complement your Wallmaker system.

“With Stylmark creating the entire structure as opposed to just the components, there’s consistency across the board.” – Dan Hauser, Interbrand

### PORSA™ FRAMING SYSTEM

Porsa™ is the only aluminum extrusion framing system that accepts 12.7mm thick in-fill panels, making it ideal for office systems, wall units and other applications requiring strength, stability and dependability.

### POST AND PANEL

Stylmark post and panel systems are timeless in design. They feature all aluminum components that can be mixed and matched to give the look you are trying to achieve. The post and panel system is designed modularly, allowing for easy installation, changeability and structural integrity.

### DOOR FRAMES

Door frames are designed to hold a single pane of glass for use in wall cabinets or recessed display cases. Stylmark door frames blend maximum durability and style to create a dynamic visual display sure to capture customers’ attention.
